SUMMARY

Final-year Computer Science student with hands-on experience in full-stack web development and AI-driven applications. Contributed to a team-based Final Year Project integrating a deep learning model with a full web application, working across the frontend, backend, and database layers. Comfortable with HTML, CSS, JavaScript, Python (Flask), and PHP (Laravel), with strong teamwork and communication skills built through a 4-member Agile project team. Eager to grow within a professional development team as a Software Developer.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+)

Backend: Python (Flask), PHP (Laravel)

Database: MySQL, SQL

AI / ML: MobileNet V2, model integration into web applications

Tools: Git, GitHub, VS Code

Soft Skills: Teamwork, Communication, Marketing

EDUCATION

BS Computer Science — PMAS Arid Agriculture University, Rawalpindi 2022 – 2026

FSc (Pre-Engineering / Pre-Medical) — Superior College, Rawalpindi 2019 – 2021

Matriculation (SSC) — Taleem ul Quran Boys High School, Rawalpindi 2017 – 2019

PROJECTS

Hairstyle Recommendation System Based on Face Shape (Final Year Project) 2024 – 2026

HTML, CSS, JavaScript, Python (Flask), PHP (Laravel), MySQL, MobileNet V2 | 4-Member Group Project

- Contributed to a web-based application that detects a user's face shape using MobileNet V2 (deep learning model) and recommends suitable hairstyles
- Developed the frontend using HTML, CSS, and JavaScript for a responsive and intuitive user interface
- Worked with Flask (Python) as the AI/ML backend API and Laravel (PHP) for the main application logic and database management
- Collaborated in an Agile 4-member team, contributing to design, development, and testing phases

ADDITIONAL EXPERIENCE

Marketing & Outreach — Freelance / Personal Projects

- Experience in digital marketing including content creation, social media management, and audience engagement strategies
- Strong interpersonal and communication skills developed through outreach and promotional activities
